Number 2.

Great Victory for Stetson.

Stetson University Team Wins First Game of the Championship Series.

The game in Jacksonville yesterday between Stetson University and Lake City was an exciting one, and was witnessed by a large crowd of enthusiastic people. The game was the first of the series in the contest for the Times-Union cup. The following is a brief account of how the ball was handled:

First Half.

Lake City kicked off to Stetson's thirty-yard line. Series of straight line bucking by three backs and tackles around tackle without losing the ball. Stetson carried the ball to Lake City's six-yard line and was held for downs. Stetson's line holds for two downs, no gain. Third down a double pass around right end. The ball was fumbled, Staley breaking through his opponent falls on the ball and scores. Stetson's only touchdown which Cox immediately kicks goal from.

Stetson kicks off to Lake City after gaining 10 yards in two series of downs. Stetson's line holds for downs and receives the ball; Stetson fumbles on first down. Lake City's left end gets the ball and scores touchdown on 60-yard run. Attempted punt fails. Score 5 to 6 in favor of Stetson.

Lake City kicks off to Stetson after carrying ball to center of field, loses on fumble. In a series of round end and mast tackle plays Lake City carried ball to Stetson's five-yard line. Lake City's back is forced over line, tackled so severely by Clow that he fumbles ball and Wright saves the day for Stetson by falling on it. First half ends with ball on Lake City's thirty-five-yard line.

Second Half.

Stetson kicks off to Lake City and Lake City attempts to duplicate around end gains of first half but fails. Stetson resorts to a kicking game. Lake City getting ball deep in their own territory would slowly advance it to the center of the field where Stetson's line would hold. Cox, by his brilliant, sure kicking, which the ends covered, saved the day for Stetson. Lake City advanced ball again to center of field; Stetson holds; Cox over-kicks Lake City full-back and Staley falls on ball. Stetson advances slowly for another touchdown and fumble gives ball to Lake City. Game ends with Lake City fighting desperately to circle Stetson's ends.

Send the Collegiate to your friends at home.

Stetson Defeats Tampa.

On the afternoon of Saturday, October 31, the Stetson football team defeated the Tampa eleven in the first game of the season at Tampa. Although the score was only 5 to 0, Stetson had the game from start to finish, clearly outplaying the other team at every point. While not one of the intercollegiate series, the game was of no small importance, as it showed up weak points and enabled Coach Colton to materially strengthen the team for the encounter with Lake City. The game was, with the exception of a few minutes, very slow and spiritless. It opened with a brisk struggle, but soon settled down to steady push, with here and there an enthusiastic spurt on the part of the Stetson boys.

The touchdown was made within the first five minutes of play. Stetson kicked off and the ball was down on Tampa's forty-five yard line. In three scrimmages Tampa failed to advance the ball, which went to Stetson on downs. Then began a series of rattling good plays which landed the ball across the line in a few minutes. The touchdown was made by Pounds on a line buck, but Stetson failed to score a goal. The game was of very little interest after that. Stetson advanced the ball steadily, but repeatedly lost it when near the goal on unfamiliar plays. At one time Clow went through with the ball for a touchdown, but the point was ruled out by the Tampa official on the ground that he went out of the lines. The decision is regarded as very unfair.

At times the work of the Stetson team was fine and was fully satisfactory to the coach, but for the most part it was slow and lacked ginger. On line bucks and especially on the new tackle plays, Stetson gained steadily, doing some wonderful work in tearing up the defensive line. In round end plays, however, this advantage was lost. Something went wrong nearly every time this play was tried and several times ground was actually lost. The trouble is attributed to the failure of the runner to follow his interference. On the whole the boys showed themselves to be learning the new plays in which they will soon be very efficient.

The boys were well treated while in Tampa and have no kick coming except in regard to the questionable decision. The opposing team played clean ball, and no one was hurt except Duncan and Merriway, who received slight injuries, the big tackle straining a knee, and the sporty full-back receiving a cut under the eye.

Football Championship Cup.

The Times-Union, of Jacksonville, has offered a handsome silver cup to be contested for by the football teams of the several colleges of the State, and it is needless to say that this will create greater enthusiasm and stir up more interest in the games to be played. As the cup was not offered until after the East Florida Seminary-State College game in Tallahassee last week, it is presumed the game in Jackson-

ville yesterday starts the series of exciting contests that we hope will end in having the cup transferred from the window of Greenleaf & Crosby, in Jacksonville, to Elizabeth Hall here.

The college men of Florida owe a vote of thanks to this enterprising paper for this kind and thoughtful act, but it is no more than the students of Stetson expected.

The Times-Union has ever been the champion of higher education in Florida and all that pertains to the welfare and advancement of its institutions in all their phases of life.

Basketball the Rage.

Interest in basketball is reviving probably as the result of the Hallowe'en games in the Gymnasium, and the devotees of the fascinating game are enjoying practice games almost daily. Some very fair work is being worked up for the regular season.

Tuesday evening two picked teams, captained respectively by Mr. Beardsley and Mr. Calhoun, played in the Gymnasium, the latter team winning by a score of 4 to 2. The game was hotly contested, and the feature of the evening was the fine forward work of Mr. Sears for the winning team. The line-up was as follows: Calhoun (Capt.) and Sears, forwards; Reamy, center; Johnson and Clarkson guards. Beardsley, (Capt.) and Jones, forwards; Pelot, center; Mickle and Rogers, guards.

A squad of about twelve men is now being organized and games will probably be played three times a week from now until Christmas.

The young ladies are still very enthusiastic, and the Chaudoin Hall and town teams practice daily in preparation for the time when they meet in battle array. An exciting game for championship is anticipated.

A Unique Hallowe'en Frolic.

Of all the Hallowe'en frolics in town the one at Miss Alice McKinney's was no doubt the jolliest. When the unique pumpkin colored invitation cards were received there were many conjectures among the invited guests as to what "ye old-fashioned country costume" really ought to be. Whether old-fashioned or not, however, some very striking costumes were worn. Miss Hamlin in pearl gray silk was very stately as Lady Eleanore. Misses Mead, Jackson and Harriet Fuller in Charming Quaker costumes with coquettish bonnets or caps carried the parts of Patience Smith, "Priscilla, the Puritan maid," and "Mehitable Sapphira Jones with extraordinary ease. "Josiah Allen" of Saratoga fame and "John Allen" in the persons of Ed Mickle and Walter Knox, escorted the maids in a most cavalier way. These gentlemen were clad in white ducks, well built shoes, shirt sleeves and immense hats (which they forgot to remove). Miss Manville in characteristic costume and curls acted the ten-year-old to perfection. The hostess and Miss Louise McKinney were also in well chosen costumes. Roy Hamlin, Seth Walker and Stanley Woodward followed the modern style of dress, trusting to their usual behavior for a savor of the past. Mr. Woodward was very natural and unaffected in the part of Miles Standish, "the man who couldn't speak for himself."

In blowing out the candle blindfolded Mr. Hamlin was the only one assured of "seeing his love within a week." Everyone then dressed clothespins for soveniers. Next a lively pea-

nut hunt was engaged in and when the peanuts had been disposed of all adjourned to the front yard to indulge in a good old game of "Pussy wants a corner." Dainty refreshments were then served, after which they all tried their luck at finding the names of their loves by stabbing letters on a whirling pumpkin. The hour was now late and after dancing the Virginia Reel, the jolly party broke up.

Our New Teachers.

The University has four new teachers in its faculty this year. Prof. H. T. Daghistan, Professor of English and Elocution, is a graduate of Michigan University and the Emerson School of Oratory. He comes highly recommended in each of the departments he represents. It seems to be a good idea to have a teacher of English capable of reading, in the best way, the masterpieces taught by him, hence the wisdom of Professor Daghistan in combining English and Elocution. Mrs. Daghistan accompanies him.

Prof. Litchfield Colton, who assists Dean Paine in the School of Technology, has classes in Mechanical Drawing, Descriptive Geometry, Manual Training and Machinery Design, is a graduate of the Boston School of Technology. He is a young man who enters upon his work with fine commendations regarding him as a man and regarding his capabilities for efficient work. Professor Colton is also greatly interested in athletics, and has assumed the arduous work of coaching the football eleven.

Prof. W. Garrett Rogers, who has assumed the directorship of the Music Department, is a young man from Pennsylvania University. He entered the department of music of that University in 1897, after studying with private teachers, and graduated therefrom in 1900, with the degree of Bachelor of Music. He is teacher of piano-forte, pipe organ, theory of music, (harmony, counterpoint, composition, etc.), history of music and public school music. Professor Rogers taught theory of music and piano-forte for four years at the Mozart Conservatory of Music, Philadelphia.

In League With the Devil.

Dr. Baerecke thinks the days of heathen ignorance are not past even in this country. He told his classes the other day that when he was weather observer for the U. S. Government, in Alabama, he encountered opposition from the best citizens of the community. The Doctor says the people tore down his weather signal flags, looking on them as signs from the devil. The preachers came to him and remonstrated, saying surely the attempt to predict the weather was against the wishes of Heaven, and therefore the weather observer was in league with the evil one. There would seem to be a need for a little scientific education in Alabama.

To shave your face and brush your hair,

And then your new, best suit to wear—
That's preparation.

And then upon the car to ride
A mile or two, then walk besides—
That's transportation.

And then before the door to smile,
To think you'll stay a good long while—
That's expectation.

And then to find her not at home,
And homeward you will have to roam—
That's thunderation.

The Game Yesterday.

The result of the game yesterday in Jacksonville is highly satisfactory to Stetson University and its hundreds of friends throughout the State.

The game was the first of the series to be played by the colleges of Florida for the championship cup offered by the Jacksonville Times-Union, and the score yesterday gives Stetson the lead for this valuable prize.

Stetson's team work yesterday was excellent. Every man played his part and played it nobly. There is no denying the fact that Lake City put up a good game, and they had quite an advantage of us on weight, but the grit and determination of the Stetson men won the day.

Coach Colton is well pleased at the work of the team. He says the game was as hard fought as any he has witnessed in some time.

The University is proud of the team but the victory yesterday is only one in a series to be played. Stetson wants the Times-Union cup and she must have it. Let the team get together now and do harder work on the practice field than ever before.

We wish some kind mortal would invent a non-breakable kind of glass so that it might be feasible to have a glass drinking cup at the "watering trough" in Elizabeth Hall. The metal cup which is there is enough to discourage some people from drinking the water at all. This fact alone calls for a change, for we read in a newspaper the other day that a person should drink twelve glasses of water every day. Really, doesn't this water drinking craze grow rapidly? A few years ago we were told we must drink at least four glasses per diem; then it was six, then eight, now twelve, and probably soon we shall have to get up in the night and drink a glass of water every hour to make out twenty-four in a night and day. We shouldn't be surprised if the earth went dry soon; the demand must be greater than the supply.

We are glad to see the spirit displayed by the girls of the dormitories and town in the organizing of basketball teams. For several years there

has been very little enthusiasm among the girls for any athletics for themselves. They have devoted all their energies in that line to cheering the boys. Four years or so ago there were two lively basketball teams made up of girls from both dormitory and town and on Presentation Day the Gymnasium was crowded with people eager to see a contest between these two teams. The game is certainly a rousing good thing both to see and to take part in, and we see no reason why there should be lack of enthusiasm in urging the good movement on. Go ahead, girls! We shall hope to hear in the near future of the championship of the Stetson basketball team in inter-collegiate basketball for young ladies.

Games Next Week.

The following football games are scheduled for next week:

State College against Lake City at Tallahassee.

Stetson against E. F. S. at DeLand.

The State College plays today in Atlanta against the Georgia School of Technology.

Toil On.

Toil on! Toil on!
To win you must endure.
By perseverance Rome was gained
And Greece her ancient glories famed;
While Alexander flexed the will
Of Bucephalus, mighty steed, until
Within his grasp he held the power
To conquer—perseverance's power.

Toil on! Toil on!
Your aims may lofty rise.
As patience smoothes the rugged way;
But perseverance wins the day,
While justice crowns your aims tho' light,
For Right is Might in Heaven's sight.
So toil on, brother, ceasing never,
Time is fleeting, onward ever.

Toil on! Toil on!
Reward will wreath your brow.
Some fallen brother may again
His steps retrace. Ah! not in vain
Your perseverance then my friends,
For God in goodness daily sends
His blessings on our verdant land,
Where liberty shall ever stand,
Till earth shall fade!

Toil on! Toil on!
Frances A. Cuzner.

A Plea for Peace.

From Citizen and Country we clip the following lines By Capt. W. D. Andrews, C. H. S., formerly of the Life Saving Service, Toronto, Ontario:

"Peace on earth and good will to men!"
Thus sang the angel throng;
And we repeat it o'er again,
In Scripture, verse and song.

But we belie those sacred words,
When Christian nations fight;
When so-called Christians draw their swords,
Which should be sheathed from sight.

To throttle a republic, or
Assassinate a State,
Is not the work of Christians, for
Their work is far more great.

Our parliamentary millionaires
Bring war whenever they please;
Yet none of them the danger shares,
But stay at home at ease.

Much braver men attempt the task
That they alone should do;
Send out the millionaires, I ask,
And test their courage, too.

Their avarice to war has led,
For which there was no need;
Why then should our best blood be shed
To gratify their greed?

STETSON UNIVERSITY

(Affiliated with Chicago University.)

Academic Department, College of Liberal Arts, School of Law, Technology, Art and Music, Business College, Normal Department. Large faculty of expert teachers. Excellent athletic opportunities. Address,

Let's Talk It Over

Many students come to DeLand each year who do not know where to go for personal supplies, etc. We have grown up with the city, and our store is a common rendezvous for S. U. students. We carry everything for men and women; underwear, shoes, hats, clothing, shirt-waists, skirts, hosiery, gloves, ties, handkerchiefs, ribbons, small notions and fancy goods. Groceries, cakes, canned goods, fruits, Christmas novelties etc.

Jewelry at Allen's Pharmacy.

Jacksonville defeated Tampa in Jacksonville Tuesday by a score of 10 to 0.

Tom Shackelford, a popular student here last year, is now attending the State College, and is manager of their football team.

Basketball is all the rage with Chaudoin girls. They are looking forward with much pleasure to their contests with the town team.

Quite a number of students will return tonight from Jacksonville where they have been witnessing the sights of the Carnival for the past week.

Messrs. W. B. Crawford and John G. Worley, of the Law Department, went up to witness the Stetson-Lake City football game in Jacksonville yesterday.

Manager T. P. Compropst was unable to accompany the team to Jacksonville Thursday and Professor Baldwin went along to keep the boys straight.

The East Florida Seminary eleven met and defeated the State College on the latter's grounds in Tallahassee last Saturday. The score was 16 to 0, and the game belonged to Gainesville from start to finish.

The State College defeated South Georgia Military College in two games last week. The one played in Tallahassee resulted in a score of 25 to 0 in favor of State College, and the second game in Bainbridge with a score of 5 to 0.

Kodak Supplies at Allen's Pharmacy.

Misses Emery, Rich and Booth, of Chaudoin Hall were among those who took in the festivities of the Jacksonville Carnival this week.

Ft. Rens at Allen's Pharmacy.

Miss Harriet Vivian Woodard, who was at Stetson in '98, has been made principal of the School of Art at the Texas Christian University, in North Waco, Texas.

WANTED—A Joke! Come, now, let us be jolly together. Anyone whose olfactory, optics or auricular appendages become conscious of any such desirable article hanging around, will please report it to one of the local editors.

Books and Magazines at Allen's Pharmacy.

Mr. Emmett Wilson returned last night from Jacksonville where he went to meet his brother, State Senator C. L. Wilson. While there he took in the side-shows of the Carnival.

A special edition of the News was issued last Friday night giving a full and accurate account of the game at Tampa. Mr. Ed Oates was at the head of the enterprise, and the special edition was a credit to him and to the News' management.

Professor William W. Frost, who held the Chair of English here last year, returned to DeLand last Wednesday. Mr. Frost is just recovering from a long siege of typhoid fever. He was ill for seventy days at Seabreeze, Fla. As soon as he is able he expects to take up the pastorate of the Church of Christ in this city.

Mrs. Spangler, Misses Pearl and Ruby Spaulding and Miss Lula Lutz went to Jacksonville Thursday afternoon to see the sights and cheer the boys at the game.

Miss M—lost a library book not long ago and was very concerned about it. The book was due so Miss M. went to Miss Palmer and brazenly asked to have it renewed, thinking thereby to gain time to find it. Miss Palmer smiled serenely and said, "Don't worry about it any more; Mr. Howard Stewart brought it in several days ago." It is no use, you see, "murder will out."

J. B. S. U. Stationery at Allen's Pharmacy.

A large number of students went to the station to give the boys a good send-off Thursday. Some lively yells were given for the team, for Mr. Baldwin, for the 'Varsity, and last but not least for the girls! Green and white banners and streamers were in evidence everywhere. Mr. Fish, the engineer, very kindly let a crowd of students board the train and ride as far as the Boulevard crossing where the final cheers and farewells took place.

Professor Daghistan is a great acquisition to school society. In addition to other talents, which make him so excellent a hand at entertaining, we hear that he also sings.

Mr. Rosa was overheard saying to a member of the faculty: "If that gets out they'll put it in the Collegiate." We certainly should, Mr. Rosa, if we knew what it was, and thought it at all interesting.

School Supplies at Allen's Pharmacy.

A new Latin verb has been coined by members of the Cleero class (O. J. Lofberg, Professor). The principal parts are as follows: Piggio piggere squell gruntum.

Hurrah for the Dazzles! They have been playing winning ball all week, and Captain Remmers is to be congratulated on her good work. Forward Jackman, of the Dazzles, is doing some excellent work, and the Dazzles are fortunate in having her.

Toilet requisites at Allen's Pharmacy.

A vote of thanks was extended to the young ladies who so kindly assisted the football men by sewing the

Huyler's Candles at Allen's Pharmacy.

Mr. Frank P. Dearing, of Jacksonville, dined with Miss Emery one night last week.

Mrs. Remmers was the guest of Miss Elizabeth on Tuesday night for dinner.

We are glad to learn that Seth Walker went to Jacksonville to the football game. Hurrah for Seth!

Mr. and Mrs. Arthur Heath, of Chicago, were the guests for dinner of Professor and Mrs. Farriss on Halloween.

Miss Porter sprained her finger severely in a basketball game Tuesday night, and has been unable to play since.

The "S. B. C." is the latest secret fraternity organized in Chaudoin Hall by three of its most popular young ladies.

On Monday night, the 2nd, the lady teachers of Chaudoin, held their regular monthly reception, and as usual this was a most recherche affair.

We wonder if the boys who took the wheels off Davis' trap and hid them in improbable places, think we do not know who did it.

Miss Emery left Thursday for Jacksonville where she will visit Miss Stripling during the remainder of Carnival Week.

Miss Emma York went to Jacksonville Thursday where she is enjoying the festivities of Carnival Week. Miss York will be with her father at the Windsor.

Miss Ruth Rich and Miss Booth left for Jacksonville Wednesday. They will be with Miss Rich's mother on Duval Street, and expect to enjoy the Carnival.

Miss Rena Coe, who was a resident of Chaudoin in 1902-'03, and who visited friends here last year, is now in Tampa. We are glad to learn that Miss Coe waved a green and white banner for Stetson at the recent Stetson-Tampa football game.

Miss Lula Lutz has taken a room at Mrs. Spangler's and is boarding at the Winter Home.

The S. B. C. fraternity gave its first spread in room 10 Chaudoin Hall last night. It proved a great success and some boys were made happy by being beautifully remembered.

Said Miss Emery to Miss Porter. "Do not bother about forwarding my mail to me in Jacksonville, I shall not have time for such trivial matters. I shall have a good many 'males' to attend to while there."

The chemistry classes, College and Academy combined, are planning to have a picnic in the near future. We understand that Miss Blanding is chief pie maker for the expedition. This honor has been accorded her, we suppose, on account of the large experience she had last year in Conrad Hall kitchen.

Professor Colton was showing a suspiciously bright looking horseshoe Thursday noon. He announced that it was for luck next day. Also one of the boys was heard asking if the team had forgotten to rub Lewis's head. That proceeding is supposed to bring good luck.

Business College Notes.

The Business College is now progressing in fine shape. Under our competent corps of instructors, a student, if he has any stamina at all, cannot help but advance.

In Bookkeeping the budget system is used. Of its superiority over other

systems there is no question. By it the student is brought in actual contact with the fundamental principles of bookkeeping. It begins with the simplest forms that lie at the basis of business and bookkeeping and gradually develops the subject, by successive steps, in a manner that at once interests the student, and by getting his interest in this way, a clearer idea of the subject is obtained than by any other method.

Correspondence between this college and other Business Colleges is carried on. Merchandise, fruits, dairy products, etc., represented by cards, are bought and sold, thus making this branch of practice very realistic.

In the Shorthand and Typewriting Departments, there are 21 enrolled. The Ben Pitman System of shorthand, the almost national system, is used. In typewriting, the Fuller "Touch Method" is used, whereby the operator can secure more speed than by the old methods.

Information has been received from one of our brightest graduates of '03, that "Kupper" should be made to "buckle down." How about this Kupperbusch?

We have not yet fully gained our independence as we still have a "King."

Shorthand students are partial to "Spence" erlan pens, and they have No. 1.

The shorthand and typewriting rooms claim to possess more wealth than any of the others—and well they may, for they are "Rich" indeed.

The students in the typewriting room need not be cold this winter for they have "Wood" to burn.

A MERRY EVENING.

Faculty and Students Enjoy a Hal-low'e'en Frolic.

The Halloween festivities in the Gym Saturday evening were participated in by the faculty and dormitory students, and were among the most enjoyable which have ever taken place. The young ladies of Chaudoin Hall were the charming hostesses, and are being highly complimented upon the ability they displayed as entertainers.

Early Saturday morning the Gym was turned over to busy bands of workers, who toiled earnestly throughout the day, and when the guests entered in the evening they were more than astonished at the change which had taken place. Festoons of flowers and foliage hung from the rafters and along the walls, while palms and green boughs were to be seen on all sides. The decorations culminated in the dainty booths where the amusements of the evening were in progress.

On the left of the entrance in a charming retreat of leaves and flowers, a bevy of young ladies guarded the tub wherein apples might be bobbed for. This exciting sport was kept up during the greater part of the evening, and furnished unlimited amusement.

The fortune telling features were important factors in the evening's entertainment. At one place by sticking a hatpin in a pumpkin you might learn the initial of your sweetheart, while at another pavilion you obtained a dainty little banner bearing the name and colors of his or her alma mater. Still further on, more information was fished from a witches' cauldron, and at last, in the holy of holies, a bewitching little gypsy read your fortune in your hand.

Misses Bessie Porter and Ada Hall favored the merrymakers with a cakewalk, the grace of which elicited repeated applause.

After some time had been spent in club races and other amusements, a game of basketball took place between the Razzles and the Dazzles. The young ladies put up a spirited game and distinguished themselves by the

grace with which they played. A game then took place between two teams of young men, captained respectively by Mr. Beardsley and Mr. Calhoun. After an exciting contest Mr. Beardsley's five won by a score of 6 to 2.

Dainty refreshments, consisting of lemonade, chocolate, cake and candy, were served throughout the evening.

The party was a most delightful one, and the fair hostesses have the compliments of their fortunate guests, who hope that the occasion will be often repeated with as much success.

Another Wedding.

On Wednesday evening, November the 4th, at the home of Mrs. Drake, Mr. Roger Link, of Tampa, and Miss Mary L. Owen, of DeLand, were united in the bonds of holy wedlock. Miss May Moyers of Bartow, where Miss Owen has taught for several years, played the wedding march. The ceremony was performed by Rev. Mr. Kennedy, also of Bartow. Only the relatives of the bride were present. Mr. and Mrs. Link left on the midnight train for Tampa, where they will make their home.

Mrs. Link is an alumna of Stetson, and is well known as a general favorite in DeLand, also throughout the county, where she has taught. The Collegiate joins with their many friends in wishing the couple a long and happy wedded life.

Art Department.

Professor Sharp received notice this week that he has been elected a member of the Washington Water Color Society. Some of his work will appear in their exhibit next month.

Mr. Edwin R. Wiley, author of "The Old and New Renaissance," and the head of the English department at the Vanderbilt University, whom Professor Sharp met this summer at Mont Eagle, has sent several bound volumes of "The Artist and Craftsman" for use in the Studio.

A Delightful Evening.

Miss Jessie Baker gave a very enjoyable party to a number of her friends at her home near the College Arms Hotel, last Friday evening. Professor Daghistan and wife were among those present. The Professor made everything lively with his sharp wit, and also sang some pretty selections, to the great enjoyment of all present. A number of games were played, after which abundant refresh-

ments were served. It was midnight when the party departed for their homes, all declaring that they had enjoyed themselves immensely.

Vesper Services.

The Vesper services Sunday afternoon were led by Professor Baldwin, with the assistance of Dean Sears, and were very enjoyable. The service was opened with Calkins' "Stelliana" on the organ by Professor Rodgers, which was followed by several hymns. Professor Baldwin chose as his subject "The Doctrine of the Optimist," and handled it very ably as usual. The exercises were concluded by an organ postlude, by West.

Mr. Smith will conduct the services tomorrow afternoon.

Stetson Literary Society.

The following program will be rendered by the Stetson Literary Society this evening:

Current Events—Mr. Bostick.

Recitation—Miss Moffatt.

Extempore.

Reading—Miss Kennedy.

Music—Miss York.

Debate—Resolved, That press censorship in the War Department is inconsistent with the principles of Republican Government.

Affirmative—Mr. Sparkman, Miss Booth.

Negative—Mr. Carlton, Miss Jackman.

Kent Club.

On account of the several entertainments in the city last week the Kent Club, at the eleventh hour, decided not to hold their public entertainment. The club will hold its regular meeting tonight and a full attendance is requested.

Town Basketball Team.

The town girls have organized two basketball teams to rival the dormitory teams. They are being coached by Professor Baldwin, and though they have the use of the Gym only two hours a week, they are making good progress. The line-up is as follows:

"Nips"—Emily May, captain; Martha Lindquist, Bernice Alfred, Gussie Moffatt, Ammonette Gordon.

"Tucks"—Marion Jackson, captain; Nina Miller, Crystal Davis, Bertha Pollard, Harriet Fuller.

In the two games already played the "Tucks" came off victorious.

A. PFLUEGER,
Consorial Artist.

Prompt Attention Given to Stetson Students.
